Checkatrade have developed the 'Try a Trade' programme, in partnership with Amazing Apprenticeships aiming to give teachers and career advisers everything they need to help inspire a new generation of young people about the incredible apprenticeship and career opportunities in trades like plumbing, electrics, and carpentry.

What is Try a Trade?

We're helping school students in Years 10 and 11 discover more about careers in the trades, providing teachers and career advisers with a hub of resources and content to share as part of your careers programme or careers fairs, as well as first-hand access to people already working in trades.

Try a Trade, powered by Checkatrade, aims to help plug a national trade skills gap of almost **ONE MILLION** workers over the next decade, by connecting young people with a world of limitless possibilities in a trades career.

What to expect

A range of schools across the UK are using Try a Trade resources in their schools to excite and inspire young people about working in the trades. It offers:

- ✓ A hub of practical resources for careers advisors and teachers to share, aimed at giving young people unique insights about life in the trades, including presentations, hand-outs, videos, and posters.
- ✓ An engaging, ready-to-go, programme of activities that shares additional career and education pathways, helping young people understand the opportunities and earning potential of a trades career
- ✓ The chance to explore career possibilities, by connecting young people's CV's directly to trades employers.

For further information
on the Try a Trade
programme, [click here.](#)

Try a Trade aims to break down the barriers to accessing the trade industry, and open young people's minds to the earning power and potential of life as a tradesperson.

Skills Bootcamps

Skills Bootcamps are part of the Government's Lifetime Skills Guarantee, helping everyone gain skills for life, funded through the Department of Education and are free (to the learner).

The aim of Skills Bootcamps is to:

- Provide businesses with targeted and flexible training to upskill their employees so they can gain progression within the business.
- Aid businesses to hire people with the skills required and help fill their vacancies.
- Support individuals to develop skills and fulfil their potential and assist people currently un-employed or returning to work to find skilled local employment.

Skills Bootcamps are open to anyone 19+ who has the right to live and work in the UK.

Skills Bootcamps are employer led programmes aimed to meet business needs. The training is delivered by our approved training providers, offering flexible training solutions, with many being delivered remotely.

Applications are now open for the next Data Skills Boot Camp training programmes for eligible learners aged 19+.
